1. Construction has begun on a new dam on Lake Gjebrijek, near the village of Zlatisek and about four kilometers from Crensovci.
2. Another dam is being built on the Crnce River northwest of Donja Lendava and alongside Popovljak Forest, near the village Velike Poljane.
3. Ostensibly, the dams will be used for the purpose of irrigation in the event of a draught, but part of the population believes they will be used to flood the area in case of an attack.
